Sacré-Davey Committed to Growth and Serving the North

Sacré-Davey Engineering is proud to announce that effective May 1st, 2010 we have appointed Mr. Alan Winter, P.Eng as the Northern Regional Manager of our new Northern British Columbia operations, based out of Fort St. John.

Al is a senior professional engineer with 35 years of extensive experience in numerous industries, including gas, oil, utilities, pulp & paper, steam, power systems and materials handling.

This new location is an exciting development to our Group which has headquarters in North Vancouver, BC and offices in Abu Dhabi, UAE. The Fort St. John office will permit SDE to provide improved and expedited service to our clients in the Northern region of British Columbia. Al will work closely with the team based out of our Vancouver Head Office to ensure our clients get exceptional service with every project, every time!

Sacré-Davey provides Engineering and Project Management services to clients in the oil & gas, mining, pulp & paper and industrial sectors.
